

# Coke Market Report

This monthly report includes the following:

- Summary of current developments in the international metallurgical coke and coal markets (three pages of text).
- Market prices for blast furnace coke: US\$ per tonne, fob China, fca Europe and cfr India. For Europe, also shown are prices for foundry coke, coke nuts and coke breeze.
- Hard coking coal prices, US\$ per tonne fob and US\$ per tonne cfr China.
- Projection for coke and coking coal prices in the following month.
- Coke trade data: imports by major consuming countries; and exports from major suppliers, specifically China, Colombia, Czech Republic, Indonesia, Japan, Poland and the United States.
- Metallurgical coal export data for the major suppliers, i.e., Australia, Canada, Colombia, Mongolia and the United States, plus metallurgical coal imports for key markets around the world. Estimates of world sea-borne metallurgical coal by month.
- Detailed analysis of World Steel Association iron output data, with conversion of data to annualized and seasonally adjusted basis.

ISSN 2406-4343. Distributed in pdf, typically on the last Monday of each calendar month.

Annual subscription cost of €590 or US\$ equivalent from 01/2025.

The subscription includes an annual summary (slide format) of the coke and coking coal markets, plus access to an archive of excerpts from past reports.

Please note that the report is sent to only one e-mail address per subscribing company; additional e-mail dispatches to the same company or group are charged at 50% of the subscription cost (these additional subscribers must be recognized on the same invoice).

Customers for the report are producers, traders and consumers of metallurgical coke and coal, as well as suppliers of services to the coke industry.

To request a sample issue, contact Resource-Net at [andrew@resource-net.com](mailto:andrew@resource-net.com).

If after reviewing a sample, your company wants to subscribe to "Coke Market Report" for one year, please send us your company name and address as it should appear on the invoice. Also, include your VAT number if you are inside the European Union.
